EDQG Founders Graduate Scholarship

A note of thanks from Emma Carr

My name is Emma Carr, and I am the recipient of the EDQG Founders Graduate Scholarship.

I would like to thank you for your generosity to help support students, like me, at the University of Alberta. I am truly honoured to have received your scholarship. It is very encouraging, and it makes me feel that my hard work is valued and recognized.

Currently, I am a student in the Faculty of Human Ecology in a thesis-based MA program in Material Culture. After graduation, I aspire to become a curator, and because of your award, I am now in a better position to reach this goal, as I am able to focus entirely on my school work and volunteer activities.

With your support, I am planning on pursuing my research project on Victorian mourning jewelry that will help me further my educational goals. This project is focused on the act of mourning, and it will help me work with professionals in my field adding to the body of knowledge in this area, which will benefit future generations.

Once again, thank you so much for your generosity. I am truly grateful for your support and will continue to work hard to make you proud that I was selected to receive your award.

Sincerely,
Emma Carr
